 <p>CUSTOMER TESTIMONIAL: <i>“Producing television programs featuring international hunting requires being away from home for weeks at a time, often in locations without modern conveniences, including a telephone. Whether I am in the Himalayas, the savannah, or the Rocky Mountains, my satellite phones from Outfitter Satellite allow me to handle office business and keep in touch with home, which make extended road trips tolerable.”</i></p> <p>Steve Scott, Executive Producer <i>Safari Hunter's Journal & The Outdoor Guide</i></p>	BASIC RATE VOICE		Per Min

SCAP plans are intended for single corporate or government entities with large numbers of BGAN terminals sharing a single bundle of MBs for a single monthly, quarterly, or annual fee. SCAP plans must be pre-approved by Inmarsat before activation. The bundle for an annually-billed SCAP plan always starts on the first day of a month and ends on the last day of the 12th month, and unused bundled usage is lost after that time. There are a wide variety of other SCAP plans that are not shown, including monthly-billed and quarterly-billed SCAP plans. See contract for complete details and pricing.
